Instructions: Fill in the names for up to ten fighters. Run the bouts in order, crossing off each bout as completed. Fill in the Results table with the outcome of each bout. If the tourney is scored by wins and losses, write "W" or "L" as appropriate. (The Marshal-in-Charge should decide how to handle double-kills.) If the tourney is scored by points (for example: 2 points for a win, 0 for a loss, for a double-kill) fill in the point score. The table should be filled in from the perspective of the person whose name is on that line. Example: Fighter 1 [Snorri] defeats Fighter 3 [Vyvyan]. On the first line (with Snorri's name on it) you would go to column 3 (for Vyvyan) and put a "W" (or points, whichever is appropriate). On the line with Vyvyan's name, you go to column 1 (for Snorri) and put a "L" (or points).
